TADTSX38	FF	80,000 lb.	38'	4' - 7'	up to 80 cu. yd.

BENLEE's Dump Trailers have the following tractor/truck requirements: 5th wheel, 7-way electrical connection, gladhand air lines (service and emergency), wet kit (single line: pressure), 30 gal. hydraulic tank, 32 ISO-VG hydraulic oil, oil flow of 25-30 gpm, max. operating pressure of 2,200 psi, and a pump capable of 1,600 to 1,900 rpm (*continuous operation*). **** Denotes heavy haul Michigan use****. *38' dump trailer available 2-7 axle configurations.*

Line drawings for additional dump trailers and dump trailer pup available online.

Model Shown: TADTSX38

FEATURED OPTION: Auto Inflation System w/Axle Heat Sensor

A common upgrade that is not required for operation, but highly recommended. Keeps tires inflated to the proper psi while truck is on and trailer connected, even when they incur a slow leak due to nail, rock, etc... Monitors air pressure and visually notifies the operator when there's an issue. The system also monitors temperature inside the axles, to help prevent over heating in the bearings.

- Reduces chance of fire on vehicle itself or unintentionally igniting roadside brush
- Reduces road service calls (*fewer flats save time and money*)
- Reduces DOT fines for flat tires
- Reduces costly axle damage
- Increases tire life expectancy by as much as 10%
- Increases ability to recap tires (*casings are not destroyed*)

AVAILABLE OPTIONS

- Tarp System
- Top Rail Dirt Shedders
- Angled Tailgate
- High-lift Tailgate
- Auto Inflation System w/Axle Heat Sensor
- On-board Scale (*air-ride or spring*)
- Aluminum Wheels (*120 lb. per axle weight reduction*)
- 16-ply 11R24.5 Tires, SmartWay Certified
- Wireless Camera System
- Full or Front Skirt
- Lift Axles
- Disc Brakes

Warranty covers against defects in material and workmanship. Wear items are not warrant-able. BENLEE's obligation is limited to repair or replacement of defective parts or components. Purchased components are covered in accordance with the original OEM's warranty policy. All warranty related work, repairs and/or installation must be pre-approved by BENLEE to qualify for reimbursement, then executed by BENLEE or an approved service center. BENLEE also reserves the right to make product improvements or changes at any time, without prior notice.
